

## **Helin Yılmaz**

My name is Helin Yılmaz and I've been working as CAP resident in Turkey since 2013. I'm exchange coordinator of CAP of EFPT in Turkey. Being a developing science, CAP presents us a broad field to study on and nowadays, an academic research is valuable when it is multi centered and versatile. EFPT provides opportunity regarding both connecting networks with colleagues and improving CAP training. Therefore, EFPT is a great chance for trainees.
