BYLAWS

The constituent established the Bylaws of the association to regulate matters not described in the Constitution of the non-profit-making international association in accordance with the law called “EUROPEAN FEDERATION OF PSYCHIATRIC TRAINEES”, in summary “EFPT”. The Constitution is registered under Belgian law (Notalex Dossier A. 18457; 26.02.2010). The Bylaws must comply with the Constitution that is the highest law of EFPT. The Bylaws regulate the practical internal management and day-to-day affairs of EFPT.

The Bylaws are as follows:

1. General regulations

1. Name of the organization: “EUROPEAN FEDERATION OF PSYCHIATRIC TRAINEES”. The only formally recognized abbreviation used is “EFPT”.
2. Head office: The head office of the association is in Belgium at 1050 Bruxelles, avenue de la Couronne, 20.
3. Language: The official language of EFPT is English.
4. Status: EFPT is an international non profit-making association registered under Belgian law.
5. EFPT is governed by its Constitution and Bylaws.
6. Logo: The official logo of EFPT is printed at the top of this document. Only the official logo of EFPT can be used. Changes in lay-out or any other additions are not allowed without a vote at the annual general assembly and the agreement of the majority of countries present.

2. Membership

2.1. Countries

EFPT is the independent federation of national psychiatric trainees’ associations within Europe (according to the World Health Organization’s definition of Europe).

The federation is made up of full members, candidate members and observer members. Only full members enjoy the full range of rights granted to members by the law and by these Articles of Association. Candidate and observer members shall be invited to participate in the activities of the EFPT but shall act in an advisory capacity in General Assemblies.

2.1.1. Delegates

Each country is represented by a maximum of two official representatives who are referred to as delegates. They are representatives of their countries' national association(s).

2.1.2. Rights and Obligations

Delegates of full member countries must be psychiatry trainees when they are appointed. A psychiatry trainee is defined as a doctor who has completed medical school and who is undertaking (but has not yet completed) specialty training focussed primarily on becoming a psychiatrist.

The obligations of the delegates of all full members are to:

1. Be knowledgeable of and comply fully with the Constitution and the Bylaws of the EFPT.
2. Fulfil all financial responsibilities of their representative organization(s) towards EFPT.
3. Attend the General Assembly.
4. Attend the EFPT Forum.
5. Obtain adequate information about all aspects of the working situation and training of psychiatric trainees in their home country and provide that information as stated in 2.5.1 "Country reports".
6. Participate in the working groups during the EFPT Forum.
7. Promote EFPT activities within their national organization(s).
8. Provide the latest version of statutes of the national organization(s) they are representing.
9. Notify the Board of Directors of any change of their representative status within their national organization(s).

2.2. Application for EFPT membership

2.2.1. Application for EFPT full membership.

Membership is open to any national psychiatric trainee association or organization, officially recognised as such in a European country that was an observer member at two consecutive EFPT Fora and meets all criteria listed in the Constitution. The admission of new full members can only occur during an EFPT Forum.

The application procedure is as follows: the candidate association must send a letter of candidature to the EFPT Board of Directors. The Board of Directors shall decide acceptance of the candidature by a simple majority decision. The Board of Directors shall inform the General Assembly of all candidatures. The letter should be addressed at least two months prior to the Annual Forum.

The application letter for obtaining full membership of EFPT must include:

1. Submission of the latest Articles of Association (constitution and/or bylaws) of the organization in English.
2. A full country report as stated in section 2.5.1 “Country reports”.
3. Description of any previous membership of EFPT.
4. Description of any debts that may previously have been owed to EFPT.

The applicant organization must fulfil all conditions for membership status on the date that the request is received by the Board. The admission of new full members can occur only during the Forum. The procedure is regulated by the Constitution.

2.2.3. Several organizations within one country

Only one national organization per country shall normally be accepted for full membership. If there is more than one national organization or association per country, these organizations should submit a joint application. During the application process, the different national organisations should submit a proposal to EFPT in which they set out how they plan to divide and manage the rights and responsibilities applicable to each of the member countries.

Regardless of the number of official member organizations per country, each country will only have one vote during the General Assembly.

If a new organization or association applies for EFPT full membership from a country already represented in EFPT, the organization or association making the new application may apply for observer membership with the same regulations and deadlines for the new organization as those stated in Bylaws and constitution.

2.2.4 Suspension and Exclusion of EFPT members

All full members should participate in the General Assembly. If a member does not pay its annual fee, or in two consecutive years does not partake in the General Assembly (or delegates its vote), it loses the status of full member and becomes an observer.

Whenever a full member fails to fulfil its status requirements as listed in the Constitution and above in the Bylaws, it may be subjected to a suspension/exclusion process, as described by the Constitution.

2.3. Membership Fees

All full and observer members must pay an annual contribution, subsequently referred to as the “country fee”. The status of membership (full or observer) does not affect the size of the fee.

The amount of the contribution will be determined each year by the simple majority vote during the General Assembly on a proposal from the Board of Directors. The proposal of the Board will be made following a set of objective criteria, such as but not limited to socioeconomic situation (e.g. gross national income), trainees’ income and number of trainees in a country. The gross national income per capita in each country shall be obtained by the Treasurer on an annual basis.

All fees will be notified and paid in Euros to the EFPT account upon confirmation of attendance at the Annual Forum. Confirmation of attendance must be made six weeks prior to the beginning of the Annual Forum.

The Board of Directors may choose countries to be exempted from the payment of the country fee, partially or in full ("country fee waivers"), based on the lower socioeconomic status of that country. Invited speakers and invited representatives of external and partner organizations are exempt from the fee payment.

2.4 Reports

Reports serve as the main method of documenting the work of EFPT. All reports follow the general rules listed below. Additional specific rules are also outlined below, where relevant. Examples of reports include, but are not limited to: Country reports, Board reports (including the CAP Secretary’s and Treasurer’s reports), Controlling Committee Reports, Working Group Reports and Project Reports.

All reports shall include:

1. The title of the report
2. The author of the report
3. The date of the report
4. The type of report (country, working group, etc.)

5. The report itself, following any specific rules outlined in the appropriate section (Country reports follow rules of country reports, Working group reports follow rules of working group report, etc.)

If the Board sees fit, reports can be presented orally. The oral presentation should not contain any new information and should abide by any limitations specified by the Board, such as time or content. All written reports shall be attached to the official Forum minutes as appendices, stating their acceptance by the General Assembly.

2.4.1. Country Reports

Country reports should be in accordance with general rules about reports as stated in 2.4 “Reports” and should also include the following:

1. The total number of national trainee organizations in the country, including their names and contact information.
2. The total number of trainees, with details about the relative numbers of adult psychiatry and child and adolescent psychiatry trainees, within that country.
3. A brief description of the current structure, activities and officers of the member organization(s), including information about when the organization(s) was founded, relationship with any national psychiatric organizations in that country and sources of funding.
4. Contact details of the officers of the organization.
5. The list of any modifications since the previous year’s report

2.4.2. Financial Report

The Treasurer must submit an annual report to the General Assembly, covering the previous financial year. The report should contain a detailed description of revenues and expenditures, in relation to the provisional budget set for that year. If there are significant differences between the provisional budget and the actual budget, the financial report should seek to account for these discrepancies.

2.4.3. Annual Board Report

The Board annual reports consist of a summary of the Board’s activities, including a summary of reports of meetings with permanent partners, as listed below. The Board annual reports should contain all the relevant information and conclusions of the meetings and any recommendations for the future, which should be presented at the General Assembly.

2.4.4. Summary of Board Meetings

The Board report is the report of the activities of the Board during the year. This report should contain:

1. A description of the overall functioning of the Board, including the frequency of meetings, attendance, topics discussed, actions taken and the contribution of each member.
2. Detailed descriptions of the progress of the Board in relation to the annual Action Plan and provisional Budget of the preceding year.

2.4.5. UEMS Psychiatry Section Report

This will include a summary of the meetings of the UEMS Psychiatry Section. Relevant documents may be added as appendices.

2.4.6. UEMS CAP Section Report

This will include a summary of the meetings of the UEMS CAP Section. Relevant documents may be added as appendices.

3. General Assembly

The General Assembly has the broadest powers to ensure the fulfilment of the aims and activities of EFPT. Its powers are further described in the constitution.

An Ordinary General Assembly shall be held under the presidency of the current President, by no later than 31 July of each year and shall be called “the European Forum of National Psychiatric Trainee Associations”. It will take place annually as part of the EFPT Forum.

An Extraordinary General Assembly may also be called under the following circumstances: Either if at least one third (1/3) of the full members of the Federation submit a written request for a meeting or if at least two thirds (2/3) of the members of the Board of Directors request such a meeting.

3.1. Agenda

While some elements, listed below, are mandatory for the General Assembly, the final agenda is set by the Board of Directors. The order outlined below is advisory and items can be added by the Board of Directors.

Mandatory elements of the General Assembly:

1. Approval of Minutes from the previous Forum and the minutes of the previous General Assembly, if these are not already approved. The minutes are approved by a simple majority of the General Assembly.
2. Approval of all Board reports, including the Treasurer’s report, containing all the information stated in section 2.5.3 “Board reports”.
3. Controlling Committee Report as stated in section 6.3 “Controlling Committee”.

4. Annual Action Plan, as stated in section 4.4 “Annual Action Plan”. The approved version should be submitted as an Appendix to the Minutes.
5. Provisional Budget, as stated in section 6.2 “Provisional Budget”. The approved version should be submitted as an Appendix to the Minutes.
6. Approval of the proposal of the new membership fees.
7. Election of Board Members
 - a. President Elect
 - b. Secretary General
 - c. Treasurer
 - d. CAP Secretary

 - f. One or more additional Board member, such as Information Technology Secretary.
8. Election of the Controlling Committee
 - a. First member
 - b. Second member
9. Annual meeting closing.

3.3. Voting procedure

Only full members have voting rights. All voting procedures rely on the premise of one member having only one vote. The approval of any decision requires a simple majority (unless another majority is specifically mentioned elsewhere in the Bylaws) of the present General Assembly either by appearance of delegates or by delegated votes.

The Board of Directors can choose several procedural methods, but it must be possible to count the exact number of votes for each issue under consideration. The Board of Directors can decide that an exact count in any particular issue is not needed, if it is obvious during the voting procedure that there is a vast majority of votes for one particular outcome. The Board of Directors can state that as the outcome and it can be added to the minutes. The Board shall provide the opportunity to any country to object to this decision not to count individual votes. If a country does object, then an exact count should be performed and the outcome be added to the minutes.

The sum of all votes should account for all delegates present. If votes are equally distributed, a second vote is required. If a decision still cannot be reached, then the decision will be taken by the three Presidents (Elect, Current and Past).

3.4. Election procedure

Candidates for any post during the General Assembly are given one minute to introduce their candidature, except candidates for the position of President Elect, who will have five minutes available. Only the delegates of full member organizations are eligible to stand as candidates for elected positions. Delegates eligible for candidature are trainees who are official delegates of full member countries (or within five years of the start of their psychiatric training) and the delegates' candidature should be acceptable to the member organization of the candidate.

3.5. Minutes

Minutes are taken throughout the General Assembly by the Secretary General and are considered the official report of the General Assembly. The Minutes must contain, as a minimum, the approval of the Minutes, all mandatory reports, the candidates of each election, results of all voting and the required appendices. Appendices to the General Assembly Minutes should include: Board Reports, including the Treasurer's Report, Controlling Committee Reports, the Annual Action Plan and the Provisional Budget. The General Assembly Minutes must be added to the Forum minutes within 3 months of the closing of the meeting and then submitted for approval at the next annual Forum.

Working groups are usually formed during the Forum prior to the first working group session, or extraordinarily throughout the year if an important matter arises during the year, as an initiative from the Board of Directors.

Depending on the subject and duration of the working group, a working group can be temporary or permanent.

Any delegate or Board member can propose a working group at the appropriate time during the Forum. The Board can introduce up to two suggestions for new working groups. The Chairs of the working groups can only be delegates of full members. Any delegate can be a member of any working group.

5.4.1. Temporary Working Groups

Temporary working groups are formed for the duration of the Forum. It is expected that a temporary working group will produce a statement about the relevant issue, which will be voted on by the General Assembly. If the statements are approved by the General Assembly, as described in the Bylaws, the statements are added to the EFPT statements.

Temporary working groups may become permanent working group if the workload requires it. The leader of the temporary working group should propose a transition to permanent status to the General Assembly. With the approval of the majority of the GA, the temporary working group becomes a permanent one.

5.4.2. Permanent working groups

The aim of the permanent working groups is to set up and perform projects of central importance to EFPT.

Working groups can become permanent following a vote by the General Assembly. Permanent working groups are initiated during the annual Forum but continue working together throughout the year. Permanent working group Chairs should submit reports of the working group's activities and progress in the form of a Working Group Report to the Secretary General annually, which will be added as an appendix to the Forum minutes.

The Chair of permanent working groups can apply to the Board of Directors to include extraordinary activities, such as a physical meeting, in the Annual Action Plan and provisional Budget for the next year.

In the application the Chair should state:

- The name of the working group and its members
- The reason why the extraordinary activity is necessary
- The provisional budget for the extraordinary activity

The application should accompany the Working Group Report.

The Board will decide whether to accept the application by a simple majority vote.

5.4.2.1. Working Group Reports.

Working group annual reports should contain the:

1. Detailed description of the functioning of the group (including overall functioning, number and quality of meetings and subsequent actions that have been taken) including the contribution of each member of the group.
2. Detailed description of the progress of the working group with special reference to the activities previously proposed for the time period in question.
3. The plan for the forthcoming year (including activities, meetings and the persons responsible for each action).
4. Information on whether the group has applied for the Annual Action Plan.
5. Annual reports should be submitted to the Secretary General.

5.5. EFPT Projects

The term 'Projects' refers to activities relevant to psychiatry trainees carried out by EFPT, in line with its principles, aims and policy statements.

5.5.1. Application

Any Full Member, groups of Full Members, permanent Working Group Chairs or any organization officially related to EFPT can propose a potential project for EFPT.

The project proposal should contain:

7. Details of any participating organizations or a list of potential partners.
8. Signature of the project leader, on behalf of all members in the project.
9. The application should be accompanied by the application for a temporary partnership, as described in the chapter Partnerships of the Bylaws, if the applicant wishes to form a partnership.

5.5.2. Project Report

If a project is endorsed by the Board, an annual report of the project should be submitted by the project leader. The reports should be submitted to the Board at the Annual Forum and presented to the General Assembly for approval. Reports should follow the general rules for reports. Additionally, the report should contain:

- a) Detailed description of the functioning of the group.

- b) Detailed description of the progress of the project, including activities conducted since any previous reports.
- c) Plan of action for the next year.

To ensure the ongoing approval of the project the project coordinator has to deliver an annual report to the General Assembly, where the continuation of the project will be determined by a simple majority vote. The General Assembly may require modification of the project and agree to continue the project subject to those modifications. This endorsement will automatically be removed if a project's coordinator fails to deliver a report.

5.6. Fee payment

Individual observers are expected to pay delegate fees.

5.6.1 Confirmation of attendance

Confirmation of attendance occurs with the payment of the country and delegate fees and should be finalized 6 weeks before the beginning of the Annual Forum.

5.6.3. Bursary – scholarships

The Board of Directors may choose member countries whose delegates will receive scholarships. These can be used to cover travel costs associated with attending the Forum and are aimed primarily at supporting delegates from lower income countries and for the delegates who apply for financial support, as described below. The Board is responsible for the allocation of scholarships. Ordinarily, only one delegate per country can be funded. The EFPT Board of directors will decide upon allocation of the bursaries based on the applicants' needs and how their objectives align with EFPT. This decision will be made one month before the EFPT Forum at the latest.

The number of countries to be funded depends upon the annual EFPT budget. The simple majority of the Board approves the choice of countries.

5.6.4. Application Procedure

The President should notify all EFPT members about the annual Bursaries to attend the Forum at least two months prior to the Annual Forum.

Applications should be sent to the EFPT President at least two months before the Annual Forum. If there is an existing national trainee association in the applicant's country, they should also include a confirmation from this association that they are the official delegate from that country.

The President will inform all applicants of the receipt of the bursaries, one month before the EFPT Forum at the latest.

5.6.5. Reimbursement claims

The Treasurer must assist the Controlling Committee in their tasks and should give the Controlling Committee full access to all sources of information requested by the Controlling Committee.

In the case of concerns about irregularities of the accounting of a Board Member, which are grounds for suspension, or removal of that individual from the current position, other Board Members or delegates of full members can submit a request to the Controlling Committee to investigate. Organizations with an official relationship to EFPT can be invited as observers to the Annual Forums.

Any communication or co-operation with an external organization, institution or partner of EFPT, either on behalf of EFPT or concerning an official project of EFPT, must be approved by the Board of Directors.

No partnership can oblige EFPT to act contrary to any part of its Constitution and Bylaws.
